MEGA HAPPINESS OVER RM16.4 MILLION JACKPOT

The winner of the whopping RM16.4 million Mega Toto 6/52 jackpot claimed his prize money almost 10 days after his winning as he needed time to compose and re-orientate himself.

“I was extremely dumbfounded and found it unbelievable that such a big winning could be mine to take home.”

“I have had sleepless nights since I found out about my winning from Sports Toto’s website. Anyway, that was “blissful insomnia” for me as what had been playing in my mind for the past couple of nights was how to use the great fortune as fancifully and meaningfully as possible. My life is totally changed now!”

Upon learning about his winning from Sports Toto’s website, he immediately broke the unbelievably great news to his family members and quickly kept the ticket in the safe. When he came to Sports Toto’s headquarters with his family members to claim his prize money, a feeling of heavenly joy was indelibly written on his face.

The mega lucky winner, in his 40s and self-employed, has been playing the Mega Toto 6/52 jackpot game ever since it was launched in July 2007. He normally likes to bet on System Play which allows more combinations of numbers and increases the winning chances as well as the winning sums.

According to him, he derived his feel-good numbers from the address of Sports Toto’s head office as well as the house addresses of his family members. 6 of the 9 numbers he had chosen for System Play ie 1, 13, 28, 41, 42 & 43 were drawn as the first prize winning numbers for Mega Toto 6/52 on Wednesday, 28 May 2008 (Draw no. 3011/08).

He placed his bet on System Play 9 which allowed him to choose 9 numbers to create 84 combinations of numbers. On top of winning the RM16.4 million jackpot, he also won an additional RM61,260 from 18 sets of the second prize, 45 sets of the third prize and 20 sets of the fourth prize.

A spokesman for Sports Toto Malaysia confirmed that the company sold only one winning ticket for Mega Toto 6/52 on that particular draw.
