### **RM20 MILLION JACKPOT WINNER BELIEVES IN LIVING LIFE WITH THE BIGGEST DREAMS**

A man, in his 40s, won the record-breaking Mega Toto 6/52 jackpot of RM20 million when his set of numbers 17, 19, 20, 32, 39 & 41 was drawn as the first prize winning numbers on 22 October 2008, Wednesday (Draw no. 3075/08). The highest jackpot ever won in Malaysia prior to this was also a Mega Toto 6/52 jackpot at RM19.3 million by a family from Johor in January 2008.

The RM20 million mega jackpot winner found out about his winning the following day while he was having a break during the off-peak hours of his food business. He couldn't believe his own eyes on checking the draw results published in a Chinese daily and checked the results repeatedly. After feeling quite sure of getting all the winning numbers right, he quickly broke the news to his wife whose spontaneous reply was "You must be joking and in your dreams!" The moment she realized that it was not a joke, she felt an adrenalin rush. To make sure that they were not in a dream world, they gave each other a slap on the face!

He said the winning numbers were inspired by the trend of previous winning numbers that he has been diligently observing. He spent about RM50 on a range of self-picked numbers which he has been repeatedly buying for several draws. He also revealed that he has been playing Toto games for over 10 years and he has won moderate sums prior to winning this jackpot.

The winner decided to give half of his winnings to his beloved wife. On receiving the prize money, they both looked just as composed. The unusually composed manner belies their unspeakable joy as they said the winning is just too good a dream to have come true. According to the jovial couple, the motivating factor for the persistent pursuit of their feel-good numbers has been their belief that we only live once and should live life to the fullest with the greatest hope and biggest dreams.

Asked what next after this big winning, the instant reply from the husband was to buy a bigger car while the wife said that they would first settle all their outstanding financial

obligations and then do their best to help out family members and relatives who are less well-off before donating to charitable bodies as charity begins at home.

They said their joy was really beyond words especially during a time when the financial crisis and even bankruptcies in the US have affected so many people and caused ripple effects worldwide.

The winner's wife who is passionate about traveling will now pamper herself and loved ones with luxurious overseas holidays. She couldn't wait to quickly sign up for a luxurious Europe tour as she has not been there yet.
